6 DISTINCT PRODUCT GROUPS

When you log onto www.baresque.com.au , the first thing you should notice is that our website has been broken down into 6 distinct product categories - 3 wallcovering sections and 3 fabric sections. They are:

- **Wallcoverings** – Commercial, Decorative, Eco-Friendly
- **Fabrics** - Vinyl Upholsteries, Commercial Upholsteries (incl Crypton), Drapery / Bedspreads

From the home page you can also go straight to:

- **Installation & Adhesives** - includes contact details for our recommended installers
- **Latest Releases** – are you a regular visitor to www.baresque.com.au ? See what's been added recently by going straight to the Latest Releases section

GET TO WHERE YOU WANT TO GO – FAST

- **Product Search** box to the top right of virtually every page – simply type in a design name, style # or colour name to go straight to the specs you are looking for
- Once you have selected a design, you can get to all the following places with the touch of a button:
 - Search box – all BWF design names and most item #'s will return a result
 - Related Design Types - under the product name
 - View latest releases
 - View ALL of the Product Type the selected design relates to e.g. Wallcoverings
 - View ALL of the Category the selected design relates to e.g. Commercial
 - Back to Top

GET ALL THE INFORMATION YOU WANT / WE HAVE

Like you, we realize the value of our website. As we release new products, all the information we have available is being added in an easy to navigate format.

On our website, all our more popular designs have:

- in situ or design images
- colourways

ALL our designs have:

- basic specs including roll widths, lengths, pattern repeats etc
- separate cleaning instructions
- separate appropriate fire information

SEARCH BY DESIGN TYPE / SEE RELATED PRODUCTS

Our new 'Design Type' selection tool is aimed specifically at that question our clients ask all the time - "We like that but what else do you have along the same lines?" With 100's of designs now featured on our website, this question used to be time consuming to answer – not any more.

1. From the home page - choose the product group you are after e.g. Wallcoverings - Commercial
To ensure you don't accidentally select an inappropriate product, choosing by 'Design Type' can only be done once you are in a product group e.g. Wallcoverings – Commercial.
2. Narrow down the options available by choosing a defining characteristic from the "Search by Design Type" drop down list on the right hand side
3. Select a product from the narrowed down options

When you decide on a product, the Design Type feature can also be seen through:

- related design types are shown under the product name – simply click on the design type to be taken the narrowed down selection
- scroll down to the bottom of the page to see thumbnails of related products broken down by design type. Again, click on the underlined design type to view a narrowed down selection.

If there are items from the same range – these are also featured e.g. from the same fabric book, mix & match patterns & plains

RAISE SAMPLE REQUESTS QUICKER THAN OVER THE PHONE

Reading out style numbers, design names and colour names can be arduous and leaves room for error. Use our database of style numbers and colour names to raise sample requests with just a few short clicks:

Once you are registered

- Click on 'Sample Request' in the menu bar and Log In
- Start typing the design name, colour name or item number into the search box
- Click on the sample you are after and add to the list
- Submit. Its that easy!

OTHER FEATURES

We are working hard at collecting more detail around the environmental impact of our products and will continue to post this onto the website as it becomes available. The 'Print Environmental Info' button will appear if we have relevant information for the design you have selected.
