ENVIRONMENTAL STATEMENT

BARESQUE NON-WOVEN WALLCOVERINGS

Non-woven wallcoverings supplied by Baresque are produced from cellulose and polyester.

Baresque will only distribute non-woven products that meet the following guidelines:

- Emit low VOC's. Any VOC's from vinyl dissipate quickly (and faster than paint) through normal ventilation and have no recognized adverse impact on indoor air quality.
- Are free of formaldehyde, PFOA (Perfluorooctanoic Acid), cadmium, mercury and other heavy metals
- Do not use solvent inks

Baresque will only deal with non-woven manufacturers that:

- Comply with applicable strict state and federal regulations
- Provide a factory is safe and clean for its employees to work in
- Recycle scrap and inks during the manufacturing process to minimize waste related to production
