Description

Glamour Stripe delivers confident visual impact through a large-scale striped design that balances organic texture with polished metallic sheen. Inspired by handcrafted finishes, the pattern translates the look of rough, reed-like material into a refined, flat wallcovering with layered visual depth.

Accented with a lustrous metallic glaze, Glamour Stripe creates contrast and movement across the wall, offering drama without excess. Available in distinctive colourways, the palette allows for both subtle elegance and bold statement applications.

Finished with a durable vinyl surface on an Osnaburg backing, Glamour Stripe is designed for commercial environments where performance and longevity are essential. Ideal for feature walls and statement interiors, it brings visual richness, contrast, and a polished contemporary finish.
