Description

Founded on the belief that fabrics should be both beautiful and functional, Sunbrella textiles are made with close attention to design detail, and engineered with robust performance characteristics that provide resistance to fading and degradation from sunlight and chemical exposure. The fabric is tactile yet durable, has industry-leading environmental characteristics, is easy to care for and offers long life wherever it's used.

Each metre of Sunbrella performance fabric is a product of a global support team committed to producing only the most exceptional performance textiles you can buy.

Composition

Care Instructions

One of the best ways to keep fabrics looking good is to brush off dirt before it becomes embedded in the fabrics and wipe up spills or clean soon after a stain occurs. The quicker you clean spills and stains, the easier they can be to remove.

Avoid scrubbing or any other abrasive cleaning method. Never use stiff bristles or wire brushes, as they may damage the fabric.

Wipe material with a clean, soft cloth dampened with a mild solution of liquid detergent and warm water.

Repeat using only clean water, then dry with a lint free cloth or air dry.

Avoid using wax polishes, solvents or concentrated abrasives.

For more difficult stains, dampen a soft white cloth with a solution of household bleach (10% bleach / 90% water). Rub gently. Rinse with a water dampened cloth to remove bleach concentration.

Always test in an inconspicuous area first.

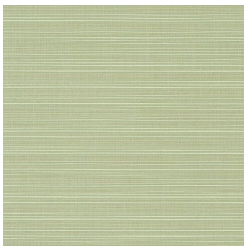

If care instructions don't deliver the expected results, cease cleaning method immediately and contact Baresque for assistance.

Warranty

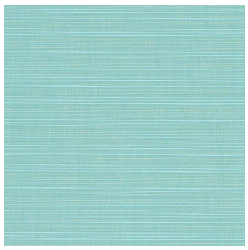

2-year warranty. Visit **baresque.com.au/warranty** for complete details.
