Wallcoverings » Decorative Wallcoverings

Linen is a 91cm wide decorative wallcovering inspired by Earth's territories and colours. With linen yarn textures it's available in 11 colourways.

Description

Lose yourself in the exotic Carribean Sea isle of Aruba, bathing your interiors in peace and well-being, a shelter from chaos, a moment to catch your breath. It has become so rare nowadays to allow ourselves a chance to escape, even if just briefly... Aruba evokes this precious planet, reminds us of its ephemeral dimension, and tells us to remember its territories and colours: the purity of its water, the light, the palm trees, the warmth of the sand... Enter the universe of endless shades of blue : ocean, slate, teal, blueberry; shades of green : malachite, verdigris, water green; opal and pearl grey; orpiment yellow; lime, chalk and kaolin white; powder and sepia beige... Aruba's textures are impregnated by our unique and harmonious universe... Weaves of authentic natural materials, linen yarns and ecological non-woven wallcoverings reflect the poetry of nature acting on all elements, eroded by sand, mattified by the wind, like the design on a stone, reflecting the horizontal lines of the landscape in the sand... A variety of different qualities and compositions, which can be perfectly combined. Aruba recognizes craftsmen who respect and privilege natural materials (weaves of waterlily and raffia) and oblige us to remember ancestral know-how. Evasion within reach... an excuse to indulge in contemplation...
