Suggested Installation

Reatec is a specialised product and should only be installed by a trained installer.

It is strongly recommended that the installation instructions from our product downloads are read and understood.

As Reatec is a thin film, the substrate should be prepared as smooth as possible to avoid visible unevenness.

Reatec can be installed and repaired on-site, resulting in almost no downtime for both interior and exterior applications.

Feel free to contact Baresque with any installation questions.

AMUSEMENT

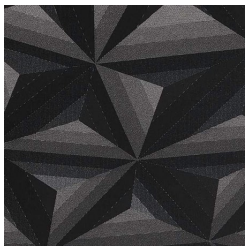

Care Instructions	Wipe material with a clean, soft cloth dampened with a mild solution of liquid detergent and warm water. Repeat using only clean water, then dry with a lint free cloth. Avoid using wax polishes, solvents or concentrated abrasives. For more difficult stains, dampen a soft white cloth with a solution of household bleach (10% bleach / 90% water). Rub gently. Rinse with a water dampened cloth to remove bleach concentration. Always test in an inconspicuous area first. If care instructions don't deliver the expected results, cease cleaning method immediately and contact Baresque for assistance.
Warranty	2-year warranty. Visit **baresque.com.au/warranty** for complete details.
