Description

With its latest proprietary embossing, Versa Wallcoverings presents Caba, a versatile design that changes appearance depending on color selection. Choose the look of pleated fabric in neutral color treatments, flowing water in blues, windswept meadows in golds and greens, and wood bark in deep rich tones. 16 colorways provide endless options. Versa designers experimented with the interplay of light and color to create this deep, three-dimensional embossing that projects luxury while withstanding the heavy traffic of corridors, public spaces, and retail and restaurant environments.
