FINE MICA GRAPHITE

Fine Mica is a 92cm wide decorative wallcovering inspired by minerals brillant colours and natural sparkle. Available in 10 colourways.

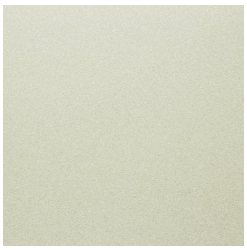

Description	The wallcovering collection Graphite comprises endless variations on mica, a mineral formed out of a chemical reaction between quartz and granite. Exposed to extreme heat, the mineral expands into pieces 2000% or even 3000% of their original size, in a spectrum of brilliant colours. The natural sparkle of the mineral pieces enhance the dark tones while conferring a mother-of-pearl glow to the lighter colours. Creating designs that concentrate on the inherent uniqueness of the mineral, Graphite is a collection that defies explanation.
Composition	Eco paper and mica sparkles on paper backing
Environmental Info	The materials contained in these wallcoverings are naturally occurring and renewable resources harvested from farms and coloured with water-based inks.
Pattern Repeat Size	N/A
Roll Size	92cm x N/A - Available by the lineal metre.
Fire Rating	Tested in accordance with AS ISO 9705 2003 for the purpose of determining the Group Number classification as required by the Building Code of Australia for the control of fire spread on interior wall and ceiling linings. The result achieved was: Classification - Group 2 Specific Extinction - Less than 250m²/kg
Lead Time	• 2-weeks (approx.) from Wednesday, subject to stock availability. • Additional 1-week for Western Australia. • Express delivery is available subject to a surcharge. Contact Baresque for details and pricing.

FINE MICA GRAPHITE

Suggested Installation	Non-reverse hang / butt join. If your order contains several numbered rolls of one single item/ reference, please first install the roll with the highest number,and then continue to install the other rolls in sequence,in descending order. Measure and cut 3 strip lengths. Add 5 to 10 cm to top and bottom of each strip. For printed patterns, plan your match from the roll before cutting Mark each strip coming from the roll on the back and hang in the same sequence Reverse alternate lengths when instructed to do so by label on the roll
Care Instructions	Mica wallcoverings should be handled with care, as they are not stain repellent treated. Remove liquid stains immediately using a clean, white, soft, damp cloth tapping on the wallcovering lightly. Use of a vacuum cleaner is not recommended. Always test in an inconspicuous area first. If care instructions don't deliver the expected results, cease cleaning method immediately and contact Baresque for assistance.
Warranty	2-year warranty. Visit **baresque.com.au/warranty** for complete details.
Additional Comments	Search Graphite to find other designs in this collection.
