FINE MICA GRAPHITE

Wallcoverings » Decorative Wallcoverings

Fine Mica is a 92cm wide decorative wallcovering inspired by minerals brilliant colours and natural sparkle. Available in 10 colourways.

Description	The wallcovering collection Graphite comprises endless variations on mica, a mineral formed out of a chemical reaction between quartz and granite. Exposed to extreme heat, the mineral expands into pieces 2000% or even 3000% of their original size, in a spectrum of brilliant colours. The natural sparkle of the mineral pieces enhance the dark tones while conferring a mother-of-pearl glow to the lighter colours. Creating designs that concentrate on the inherent uniqueness of the mineral, Graphite is a collection that defies explanation.
Composition	Eco paper and mica sparkles on paper backing
Environmental Info	The materials contained in these wallcoverings are naturally occurring and renewable resources harvested from farms and coloured with water-based inks.

Suggested Installation

Non-reverse hang / butt join.

If your order contains several numbered rolls of one single item/ reference, please first install the roll with the highest number, and then continue to install the other rolls in sequence, in descending order.

Measure and cut 3 strip lengths. Add 5 to 10 cm to top and bottom of each strip.

For printed patterns, plan your match from the roll before cutting

Mark each strip coming from the roll on the back and hang in the same sequence

Reverse alternate lengths when instructed to do so by label on the roll

Care Instructions

Mica wallcoverings should be handled with care, as they are not stain repellent treated.

Remove liquid stains immediately using a clean, white, soft, damp cloth tapping on the wallcovering lightly.

Use of a vacuum cleaner is not recommended.

Always test in an inconspicuous area first. If care instructions don't deliver the expected results, cease cleaning method immediately and contact Baresque for assistance.

Warranty

2-year warranty. Visit baresque.com.au/warranty for complete details.
