GLASS BEADS LOFT

Glass Beads is a 92cm wide decorative wallcovering with a large scale bricks pattern that's available in 3 colourways.

Description

The delicate glassbeads are scattered onto a modern design inspired by the industrial world. The texture is delicate with a tactile quality. Its hazy light effect dazzles the eye. Loft is a timeless collection of patterns blending several materials: a perfect harmony drawing inspiration from nature and modernity. Inspired by wall patinas weathered by the depths of history this new collection blends non-woven prints and resplendent minerals: glass beads and mica sparkles. A subtle interplay between shadow and light, matt and shine, on unique designs inspired by nature or geometry. Like a handprint, the print techniques are selected to convey the beauty of the material's imperfections.

Composition

Glass beads on a non-woven backing 1500 g/m²

Pattern Repeat Size

86cm V

Roll Size

92cm x N/A - Available by the lineal metre.

Fire Rating

Tested in accordance with AS ISO 9705 2003 for the purpose of determining the Group Number classification as required by the Building Code of Australia for the control of fire spread on interior wall and ceiling linings.

The result achieved was:
Classification - Group 2
Specific Extinction - Less than 250m²/kg

Lead Time

• 2-weeks (approx.) from Wednesday, subject to stock availability.

• Additional 1-week for Western Australia.

• Express delivery is available subject to a surcharge. Contact Baresque for details and pricing.

Suggested Installation

Non-reverse hang / butt join.

If your order contains several numbered rolls of one single item/ reference, please first install the roll with the highest number,and then continue to install the other rolls in sequence,in descending order.

Measure and cut 3 strip lengths. Add 5 to 10 cm to top and bottom of each strip.

For printed patterns, plan your match from the roll before cutting

Mark each strip coming from the roll on the back and hang in the same sequence

Reverse alternate lengths when instructed to do so by label on the roll
