# TRANQUILITY

Tranquillity is a 137cm wide wall protection with a woven look that's available in 18 colours. It's impact, chemical and abrasion resistant.

- ✓ **Bleach Cleanable**
- ✓ **Extended Warranty**
- ✓ **Extreme Durability**
- ✓ **High Stain Resistance**
- ✓ **Ultra Performance**

## Description

The technical innovation of P3Tec debuts in a beautiful wall protection collection with three key advantages:

Impact Resistant

Chemical Resistant

Abrasion Resistant

Handles and installs easy in 15 metres rolls with no need to lay flat until ready to install.

Seamless covering, giving your walls a full heigh continuous look.

Using techniques from Type II wallcovering, P3Tec installs simply with wallcovering adhesive, and is easily trimmed around permanent fixtures

## Composition

Extra thick vinyl face on a heavy polyester / cotton knit fabric backing.

## Environmental Info

Formaldehyde free

Heavy metals free

Perfluorooctanoic acid free

No solvent inks

Low VOC emissions. Any VOCs dissipate quickly (faster than paint) through normal ventilation and have no recognised adverse impact on indoor air quality.

Durability means products do not need to be replaced regularly due to wear and tear and being cleanable, vinyl products are ideal for helping keep commercial environments clean of bacteria.

Baresque will only deal with vinyl manufacturers that comply with applicable state and federal regulations, provide a factory that is safe and clean for its employees to work in, recycle scrap and inks during the manufacturing process to minimize waste related to production.

## Roll Size

137cm (trims to 122cm wide) x 13.7m - Available by the full roll only

## Abrasion

Test: ASTM D-4060-14

# TRANQUILITY

## Fire Rating

Tested in accordance with AS ISO 9705 2003 for the purpose of determining the Group Number classification as required by the Building Code of Australia for the control of fire spread on interior wall and ceiling linings.

The result achieved was:
Classification - Group 2
Specific Extinction - Less than 250m²/kg

## Lead Time

- 2-weeks (approx.) from Wednesday, subject to stock availability.
- Additional 1-week for Western Australia.
- Express delivery is available subject to a surcharge. Contact Baresque for details and pricing.

## Suggested Installation

Reverse hang alternate drops/overlap and double cut.

Advanced Wall Protection requires a specific installation method and we strongly recommend you use one of our recommended installers.

Download the Installation Instructions for details.

Baresque recommends and supply Roman brand adhesives and primers.

## Care Instructions

1. Completion:

Immediately upon completion of installation, installer shall make sure that these products are cleaned and free of any layout marks, excess adhesive or surface blemishes. Remove excess adhesive with methods and materials recommended by the adhesive manufacturer.

2. Clean-Up and Routine Maintenance:

Rigid Profiles: For general cleaning, use disinfectant cleaner.

All Purpose Cleaner Heavy Duty: Use a clean, lint-free cloth and wipe clean. Do not use any abrasive cleaning cloths or sponges.

1. Spray products onto profile and wipe with a dampened cloth.

2. Repeat process if stain remains. If cleaning product residue remains, rinse with water.

## Warranty

5-year warranty. Visit **baresque.com.au/warranty** for complete details.
