# CONNECT CIRRUS

Acoustics » Acoustic Baffles

Cirrus Connect Baffle pattern adds a sense of movement, making it ideal for creating modern, visually engaging environments while enhancing acoustics.

- ✓ Bleach Cleanable
- ✓ Acoustic
- ✓ Easy Install
- ✓ Easy Clean

Description	<p>Add sculptural on-trend geo-accents to your ceiling space with Connect Baffles. An innovative solution to large areas requiring improved acoustics, Connect Baffle options are designed with full ceiling coverage in mind and will create a ceiling space with architectural shape, form and definitive character. <b>Connect Cirrus</b> is characterized by a linear, interconnected design, arranged in a flowing, cohesive formation. This pattern adds a sense of movement and unity to interior spaces.</p> <p>Connect Baffles are also available in 4 other great designs:</p> <p><b>Cubix</b> features a grid of interconnected squares, creating a visually dynamic and orderly design. This pattern brings a sense of structure and balance to interior spaces.</p> <p><b>Hive</b> showcases a network of interconnected hexagons, offering a visually striking and cohesive design. This pattern introduces a sense of symmetry and harmony to interior spaces.</p> <p><b>Prismatic</b> features a collection of interconnected triangles, presenting a visually captivating and harmonious design. This pattern introduces a sense of structure and balance to interior spaces.</p> <p><b>Rise</b> showcases a combination of interconnected geometric shapes, including small rectangles and larger, randomized forms. This captivating design adds visual interest and complexity to interior spaces.</p>
