STRIPES

CLEAS Stripes is designed to add a modern and dynamic touch to glass surfaces. Featuring a series of parallel stripes, this film creates a sense of movement and sophistication, enhancing both the aesthetic and functional aspects of your spaces.

Description

CLEAS Stripes brings a clean, contemporary finish to glass surfaces with linear designs that add depth, definition and a sense of movement. Ideal for creating subtle privacy while maintaining an open, light-filled environment, it complements a wide range of interior styles.

Manufactured using high-transparency polyester film, it provides excellent optical clarity while helping to block up to 97% of infrared heat for improved interior comfort. Suitable for residential, commercial and hospitality applications, CLEAS Stripes offers a durable and stylish solution for windows, doors and glazed partitions.

Care Instructions

Clean using a soft cloth or rubber squeegee with clean, warm water.

For more persistent soiling, use a mild neutral detergent diluted to 1–2% with water. Gently wipe the surface in a single direction, then rinse thoroughly with clean water to remove any residue.

Do not scrub back and forth, as this may damage the surface.

Do not dry-wipe, as this may cause fine scratches.

Avoid leaving dirt or debris on the surface, as this may accelerate wear. Regular cleaning is recommended to maintain appearance and performance.

Do not use ammonia-based cleaners, chlorine-based cleaners, organic solvents, or abrasive cleaning agents.

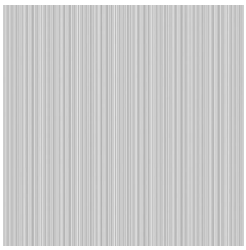

Do not apply stickers, tape, or labels to the surface, and avoid writing on the material. Prevent any actions that may scratch or damage the film.
