TEXTURED GLASS

CLEAS Textured Glass films recreate the look of decorative textured glass, adding subtle visual depth, enhanced privacy, and a refined finish to interior glass surfaces.

Description

CLEAS Textured Glass offers the appearance of decorative patterned glass without the need to replace existing glazing, introducing subtle texture and visual interest to interior spaces. It provides an effective balance of privacy and light transmission, making it ideal for creating refined, light-filled environments.

Manufactured using high-transparency polyester film, it delivers excellent optical clarity while helping to block up to 97% of infrared heat for improved interior comfort. Suitable for residential, commercial and hospitality applications, it provides a durable and elegant solution for enhancing windows, doors and glazed partitions.

Composition

High-clarity polyester (PET) film with functional coating, and durable scratch-resistant finish

Care Instructions

Clean using a soft cloth or rubber squeegee with clean, warm water.

For more persistent soiling, use a mild neutral detergent diluted to 1–2% with water. Gently wipe the surface in a single direction, then rinse thoroughly with clean water to remove any residue.

Do not scrub back and forth, as this may damage the surface.

Do not dry-wipe, as this may cause fine scratches.

Avoid leaving dirt or debris on the surface, as this may accelerate wear. Regular cleaning is recommended to maintain appearance and performance.

Do not use ammonia-based cleaners, chlorine-based cleaners, organic solvents, or abrasive cleaning agents.

Do not apply stickers, tape, or labels to the surface, and avoid writing on the material. Prevent any actions that may scratch or damage the film.

Warranty

2-year warranty. Visit **baresque.com.au/warranty** for complete details.
