Brand: **Sangetsu**

Collections: **Glass Film**

Applications: **Glass**

CLEAS VIST 65 EX is a transparent heat-shielding film that blocks solar radiation, reduces heat buildup, and preserves clear visibility. It also protects against UV rays, enhancing comfort and energy efficiency.

Description	CLEAS VIST 65 EX is a transparent solar control film designed to improve interior comfort by reducing heat buildup while maintaining clear visibility through glass. It helps minimise the impact of solar radiation and provides UV protection to support the preservation of interior furnishings and finishes. Manufactured using high-transparency polyester film, it delivers excellent optical clarity for a clear external view, while also helping to block up to 97% of infrared heat for improved thermal performance. Suitable for residential, commercial and hospitality applications, it offers a durable and energy-efficient solution for windows, façades and glazed surfaces.
Composition	High-clarity polyester (PET) film with functional coating, and durable scratch-resistant finish
Pattern Repeat Size	Various. See Glass Film Product Specification Download for details
Roll Size	Various. See Glass Film Product Specification Download for details.
Dimensions	Available Widths: 97cm and 125cm
Lead Time	• 2-weeks (approx.) from Wednesday, subject to stock availability. • Additional 1-week for Western Australia. • Express delivery is available subject to a surcharge. Contact Baresque for details and pricing.

Care Instructions

Clean using a soft cloth or rubber squeegee with clean, warm water.

For more persistent soiling, use a mild neutral detergent diluted to 1–2% with water. Gently wipe the surface in a single direction, then rinse thoroughly with clean water to remove any residue.

Do not scrub back and forth, as this may damage the surface.

Do not dry-wipe, as this may cause fine scratches.

Avoid leaving dirt or debris on the surface, as this may accelerate wear. Regular cleaning is recommended to maintain appearance and performance.

Do not use ammonia-based cleaners, chlorine-based cleaners, organic solvents, or abrasive cleaning agents.

Do not apply stickers, tape, or labels to the surface, and avoid writing on the material. Prevent any actions that may scratch or damage the film.

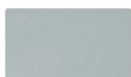

Warranty

2-year warranty. Visit baresque.com.au/warranty for complete details.
