Brand: **Sangetsu**

Collections: **Glass Film**

Applications: **Glass**

CLEAS Chiaro 90 EX is a transparent safety film that enhances safety by holding glass fragments together, reduces glare with low reflectivity, maintains clear visibility, and protects against UV damage.

Description	CLEAS Chiaro 90 EX is a transparent safety film designed to improve glass performance while maintaining a clear, unobstructed view. It helps hold glass fragments together in the event of breakage, while reducing glare and providing UV protection to help minimise damage to interior furnishings and finishes. Manufactured using high-transparency polyester film, it delivers excellent optical clarity for a clear external view, while also helping to block up to 97% of infrared heat for improved interior comfort. Suitable for residential, commercial and hospitality applications, it provides a durable and practical solution for enhancing the safety and performance of glazed surfaces.
Composition	High-clarity polyester (PET) film with functional coating, and durable scratch-resistant finish
Pattern Repeat Size	Various. See Glass Film Product Specification Download for details
Roll Size	Various. See Glass Film Product Specification Download for details.
Dimensions	Available Widths: 96cm, 122cm and 152.4cm
Lead Time	• 2-weeks (approx.) from Wednesday, subject to stock availability. • Additional 1-week for Western Australia. • Express delivery is available subject to a surcharge. Contact Baresque for details and pricing.

Care Instructions

Clean using a soft cloth or rubber squeegee with clean, warm water.

For more persistent soiling, use a mild neutral detergent diluted to 1–2% with water. Gently wipe the surface in a single direction, then rinse thoroughly with clean water to remove any residue.

Do not scrub back and forth, as this may damage the surface.

Do not dry-wipe, as this may cause fine scratches.

Avoid leaving dirt or debris on the surface, as this may accelerate wear. Regular cleaning is recommended to maintain appearance and performance.

Do not use ammonia-based cleaners, chlorine-based cleaners, organic solvents, or abrasive cleaning agents.

Do not apply stickers, tape, or labels to the surface, and avoid writing on the material. Prevent any actions that may scratch or damage the film.

Warranty

2-year warranty. Visit baresque.com.au/warranty for complete details.
