CLEAS Patterned and Frosted Glass is a high-quality self-adhesive film designed to enhance privacy and aesthetics by creating a frosted glass effect that balances privacy with natural light transmission.

Description

CLEAS Patterned and Frosted Glass films are designed to enhance privacy while adding a refined decorative finish to interior glazed surfaces. Creating a frosted glass effect that balances privacy with natural light transmission, they are ideal for offices, meeting rooms, retail spaces and other environments where both functionality and aesthetics are important.

Manufactured using high-transparency polyester film, they deliver excellent optical clarity while helping to block up to 97% of infrared heat for improved interior comfort. Suitable for residential, commercial and hospitality applications, CLEAS Patterned and Frosted Glass films offer a durable and stylish solution for enhancing the appearance and performance of windows, doors and glazed partitions.

Care Instructions

Clean using a soft cloth or rubber squeegee with clean, warm water.

For more persistent soiling, use a mild neutral detergent diluted to 1–2% with water. Gently wipe the surface in a single direction, then rinse thoroughly with clean water to remove any residue.

Do not scrub back and forth, as this may damage the surface.

Do not dry-wipe, as this may cause fine scratches.

Avoid leaving dirt or debris on the surface, as this may accelerate wear. Regular cleaning is recommended to maintain appearance and performance.

Do not use ammonia-based cleaners, chlorine-based cleaners, organic solvents, or abrasive cleaning agents.

Do not apply stickers, tape, or labels to the surface, and avoid writing on the material. Prevent any actions that may scratch or damage the film.

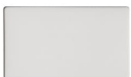

Warranty
