

ALDO

Fabrics » Vinyl and Faux Leather Fabrics

Brand: **Hyphyn**

Applications: **Upholstery**

A biodegradable faux leather upholstery vinyl with a refined leather-look finish and exceptional commercial performance. Combining sustainable innovation with outstanding durability, Aldo is designed for high-traffic interior environments.

✓ Bleach Cleanable

✓ Anti-Microbial

✓ Hyphyn Biodegradable Vinyl

Description	Bring contemporary style and environmental responsibility to commercial interiors with Aldo. This premium faux leather upholstery fabric offers the sophisticated look and feel of leather while delivering the consistency, durability, and ease of maintenance required for demanding applications. Its versatile aesthetic makes it well suited to hospitality, workplace, healthcare, education, and public spaces where both appearance and performance are essential. Constructed from 100% biodegradable vinyl with a 100% biodegradable polyester backing, Aldo features a soil and stain resistant topcoat for enhanced longevity and easy cleaning. Engineered to withstand 250,000 double rubs, it delivers exceptional durability for high-use seating and upholstered surfaces. Antibacterial and sulfide stain resistant, Aldo is designed to support clean, healthy environments. PFAS-free, phthalate-free, formaldehyde-free, and low VOC, this innovative upholstery solution is also engineered to biodegrade by more than 90% in landfill conditions within two years, providing a more sustainable alternative to traditional performance vinyls.
Composition	100% hyphyn™ biodegradable vinyl front on 100% biodegradable polyester back with soil & stain resistant topcoat (702 g/m²)
Environmental Info	This product is manufactured using materials that are free from PFAS, formaldehyde, and phthalates, and is certified as low VOC. It complies with a range of recognised international standards and regulatory requirements, including REACH, RoHS, California AB 2998, Prop 65, and Healthier Hospitals criteria. The product has also been assessed for end-of-life environmental performance. Testing in accordance with ASTM D5511 indicates it can biodegrade by more than 90% in landfill conditions within two years. Additional testing has shown no detectable chemicals of concern in post-degradation soil and no negative impact on soil quality under ASTM E1963.
Pattern Repeat Size	N/A
Roll Size	137cm x 27.4m - Available by the lineal metre
Weight	702 g/m²
Abrasion	250,000 double rubs (Wyzenbeek)

Fire Rating	Tested in accordance with AS1530.3 Spread of Flame Index - 0 Smoke Developed Index - 5
Lead Time	• 2-weeks (approx.) from Wednesday, subject to stock availability. • Additional 1-week for Western Australia. • Express delivery is available subject to a surcharge. Contact Baresque for details and pricing.
Care Instructions	Use cloth with any of the following in preferred order of use: 1: Clear warm water 2: Mild solution of liquid soap and warm water Remove any soap residue with a clean, damp cloth. Wipe dry with a clean cloth. For more difficult stains, spot clean with a 70% solution of isopropyl alcohol (rubbing alcohol) and water and wipe. Rinse with fresh water and wipe dry. For healthcare-related stains, dampen a cloth with a solution of household bleach (10% bleach / 90% water). Rub gently. Rinse thoroughly with a water-dampened cloth to remove bleach concentration. Do not use solvent-based or concentrated abrasive cleaning agents, lacquer thinners, or nail polish remover, as these may cause discolouration over a period of time. Always test in an inconspicuous area first. If care instructions don't deliver the expected results, cease cleaning method immediately and contact Baresque for assistance.
Warranty	2-year warranty. Visit baresque.com.au/warranty for complete details.
Additional Comments	Fabric shown: up the roll
