Description

Bring energy and elegance to commercial interiors with Corsica. This sophisticated woven upholstery textile creates a sense of movement through its distinctive horizontal pattern and layered colour effects, adding visual depth and contemporary character to seating, upholstered walls, and wrapped panels. Suitable for both indoor and outdoor environments, Corsica offers a versatile design solution for hospitality, workplace, education, healthcare, and public spaces.

Woven from 51% biobased Xorel® polyethylene and 49% polypropylene, Corsica is engineered to deliver outstanding performance without the need for topical finishes. With durability tested to 160,000 double rubs, bleach-cleanable maintenance, mould and mildew resistance, quick-drying properties, and exceptional lightfastness of 2,000 hours, it is designed to withstand demanding commercial environments. Free from PFAS, phthalates, PVC, BPA, formaldehyde, antimicrobials, and other chemicals of concern, Corsica also features significant biobased content and a reduced carbon footprint, making it a responsible choice for sustainable interior design projects.

Care Instructions	Xorel yarns are non-absorbent; dust and stains cannot penetrate them. Regular maintenance will keep the fabric looking new for many years. Periodic vacuuming will remove dust that may settle between the yarns. Most stains that dry between the yarns or on the surface can be eliminated by wiping the fabric with a cloth moistened with hot tap water. Some stains may require additional treatment. These stains can be cleaned with a variety of water or solvent based cleaners. When using solvent based cleaners on paperbacked Xorel fabric, test on a small area first. Residue from these cleaners must be removed with hot water and a clean sponge. After cleaning, towel dry. Hardened solids can be removed with stiff brush or a sharp-edged instrument without damaging the fabric. However, the brush or sharp instrument should not be used close to seams. Hospital grade disinfectant cleaners can be safely used on Xorel fabrics. Always follow the directions for the specific brand being used as contact times may vary depending on the product. Diluted bleach solution (up to 40%) can also be used on Xorel for disinfecting purposes. Always test in an inconspicuous area first. If care instructions don't deliver the expected results, cease cleaning method immediately and contact Baresque for assistance.
