MILOS

Fabrics » Woven Fabrics

A high-performance woven textile with an authentic natural fibre appearance, featuring subtle slubs and gentle textural variation. Designed for indoor and outdoor upholstery, Milos combines a soft tactile feel with exceptional durability and biobased sustainability.

- ✓ **Extreme Durability**
- ✓ **Easy Clean**
- ✓ **Outdoor Suitable**
- ✓ **Mildew Resistant**

Description

Bring natural texture and understated elegance to interior spaces with Milos. Characterised by faint slubs and subtle variations in thickness, this woven upholstery textile captures the look of natural fibres while offering a soft hand and inviting tactile appeal. Its organic aesthetic adds warmth and depth to seating, benches, headboards, and other upholstered applications, making it well suited to hospitality, workplace, healthcare, education, and outdoor environments.

Woven from 51% biobased Xorel® polyethylene and 49% polypropylene, Milos is engineered for high-performance commercial use. Tested to withstand 160,000 double rubs, it is bleach cleanable, mould and mildew resistant, breathable, quick drying, and offers exceptional lightfastness of 2,000 hours. Free from PFAS, phthalates, PVC, BPA, formaldehyde, antimicrobials, and other chemicals of concern, Milos combines the visual softness of a natural fibre textile with the durability, sustainability, and low-maintenance benefits required for demanding commercial environments.

Composition

51% biobased xorel PE, 49% polypropylene (363 g/m²)

Environmental Info

Cradle to Cradle Certified™ Gold with Material Health Platinum Certification. Contains 51% biobased content derived from rapidly renewable plant-based resources and is PVC-free, with extremely low VOC emissions. Free from chlorine, plasticisers, heavy metals and ozone-depleting chemicals. Compliant with LEED, RoHS and REACH requirements.

Lead Time	• 5-weeks (approx) from Wednesday subject to stock availability. • Additional 1-week for Western Australia. • Unbacked 2-3 weeks. • Express delivery is available subject to a surcharge. Contact Baresque for details and pricing
Care Instructions	Xorel yarns are non-absorbent; dust and stains cannot penetrate them. Regular maintenance will keep the fabric looking new for many years. Periodic vacuuming will remove dust that may settle between the yarns. Most stains that dry between the yarns or on the surface can be eliminated by wiping the fabric with a cloth moistened with hot tap water. Some stains may require additional treatment. These stains can be cleaned with a variety of water or solvent based cleaners. When using solvent based cleaners on paperbacked Xorel fabric, test on a small area first. Residue from these cleaners must be removed with hot water and a clean sponge. After cleaning, towel dry. Hardened solids can be removed with stiff brush or a sharp-edged instrument without damaging the fabric. However, the brush or sharp instrument should not be used close to seams. Hospital grade disinfectant cleaners can be safely used on Xorel fabrics. Always follow the directions for the specific brand being used as contact times may vary depending on the product. Diluted bleach solution (up to 40%) can also be used on Xorel for disinfecting purposes. Always test in an inconspicuous area first. If care instructions don't deliver the expected results, cease cleaning method immediately and contact Baresque for assistance.
Warranty	7-year warranty. Visit **baresque.com.au/warranty** for complete details.
