Description

Mirari Caelis captures the changing colours and soft transitions of twilight skies in a panoramic wallcovering design. The flowing composition creates depth and movement across wall surfaces, delivering a calm, atmospheric effect that adds visual interest without overwhelming a space. Suitable for hospitality, workplace, healthcare, residential, and public environments, Mirari Caelis provides a distinctive backdrop for a wide range of interior styles.

Constructed as a printed wallcovering, Mirari Caelis is designed to combine visual impact with practical performance. The surface is washable after installation, breathable, and light resistant, helping maintain its appearance over time. Printed using water-soluble inks without heavy metals and designed with a virtually seamless panoramic format, Mirari Caelis offers a durable, low-maintenance wallcovering solution for modern interiors.
