Description

Adesia is a digitally printed mural wallcovering inspired by the organic beauty of natural stone. Flowing metallic veining traverses the design, creating layers of movement, depth, and visual texture across the surface. The mural combines natural material influences with a refined, large-scale aesthetic suitable for hospitality, workplace, residential, retail, and public environments.

Designed to make an impact on feature walls and expansive interior surfaces, Adesia is produced as a Type II vinyl mural wallcovering that balances decorative appeal with commercial-grade durability. The large-format design allows the pattern to unfold seamlessly across the wall, creating a cohesive architectural statement. Free from phthalates, formaldehyde, heavy metals, and PBDEs, and manufactured to meet low VOC indoor air quality standards, Adesia offers a durable and low-maintenance solution for modern interiors.

Composition

Type II vinyl wallcovering with osnaburg backing (452 g/m²)
