TRAMONTO

Digital Print » Abstract

A digitally printed mural wallcovering featuring softly blended colour and light inspired by the warmth of a setting sky. With its atmospheric gradients and painterly appearance, Tramonto creates a calming and immersive backdrop for contemporary interiors.

✓ **Recyclable** ✓ **Phthalate Free** ✓ **Low VOC**

Description

Tramonto is a digitally printed mural wallcovering inspired by the shifting colours and gentle glow of sunset. Soft washes of colour blend seamlessly across the design, creating a tranquil composition that evokes the warmth, depth, and atmosphere of an evening sky. The painterly aesthetic introduces a sense of openness and serenity to interior spaces, making it well suited to hospitality, workplace, residential, healthcare, and public environments. Tramonto reimagines artistic landscape influences through a contemporary Italian design lens.

Constructed as a Type II 20 oz. vinyl mural wallcovering, Tramonto combines large-scale visual impact with commercial-grade durability. The four-panel mural format allows the expansive design to flow seamlessly across feature walls and larger installations, creating a cohesive architectural statement. Manufactured in the USA and backed with osnaburg, Tramonto is free from phthalates, formaldehyde, heavy metals, and PBDEs, while meeting low VOC indoor air quality standards. The result is a durable, low-maintenance wallcovering solution that balances atmospheric beauty with long-lasting performance.

Composition

Type II vinyl wallcovering with osnaburg backing (452 g/m²)

Environmental Info

Developed with a focus on healthier interiors and responsible manufacturing, this Type II vinyl wallcovering offers a balance of performance, durability and environmental transparency. The material is free from phthalates, formaldehyde, heavy metals (RoHS) and PBDEs (brominated flame retardants), while its low VOC formulation supports improved indoor air quality in commercial environments.

It is recyclable and supported by both a Health Product Declaration (HPD) and Environmental Product Declaration (EPD), providing transparency around material ingredients and environmental impact. Manufactured under a comprehensive materials recovery and reuse program, the product helps reduce production waste and promote more efficient use of resources throughout the manufacturing process.
