Fabrication Techniques Stanley knife and straight edge

How to Specify

1. Pattern Design
2. Size
3. Pattern Colour
4. Hardware Finishes

Care Instructions

Vacuum to remove dust.

Dab Zintra with a damp clean cloth and mild solution of liquid detergent and warm water. Repeat using only clean water, then pat dry with a lint free cloth.

For difficult stains, use a solution of household bleach (10% bleach / 90% water). To remove the bleach, repeat using a clean, water dampened cloth, then pat dry.

Always test in an inconspicuous area first and if you don't see the expected results, contact us.

Customisable The Zintra Acoustic Solutions range is customisable to your project. Please get in touch with your local contact for details.

Additional Comments

NRC - 0.95

Indoor only.

Only available from Zintra Acoustic Panel 12mm.

Blades includes Square Tube. See images on website for hardware detail.
