Care Instructions	<p>Always use a clean, white, soft cloth. When cleaning, never scrub Lightblocks. Gently wipe the surface.</p> <p>Use cloth with any of the following in preferred order of use:</p> <ul style="list-style-type: none">* Clear warm water* Mild solution of liquid detergent and warm water* Kerosene, hexane, or aliphatic naphtha, or any acrylic cleaner, such as Novus. Always follow manufacturer's recommended use and safety procedures. <p>Remove any oily residue left behind from solvent cleaning with detergent and water.</p> <p>For more difficult stains, dampen a soft white cloth with a solution of household bleach (10% bleach / 90% water). Rub gently. Rinse with a water dampened cloth to remove bleach concentration.</p> <p>DO NOT USE glass cleaning products, acetone, gasoline, benzene, lacquer thinner, chlorinated solvents, gritty abrasive scouring compounds, or alkaline cleaners as damage to the sheet will occur.</p> <p>DO NOT USE a squeegee, scraper, or synthetic rags that may scratch.</p> <p>if there is only a light scratch, refinishing can be achieved by rubbing the area in a random circular motion with a fine steel scouring pad (Scotch-brite).</p> <p>Test in an inconspicuous area before attempting a main area on the job.</p>
Customisable	No
Additional Comments	If Lightblocks Board is being fabricated into drop down edges or carved into for signage, a 1mm PVC protective layer can be added to the back of the panel at an additional cost.
