HILLSIDE

Hillside is a pattern created by contoured silhouettes. The rise and fall of the horizontal lines create the curves of a landscape in 9 colourways.

✓ **Mildew Resistant**

Description

Our reach for well-being inspires us to step outside and bring what we find indoors. Rooted in the Zen tradition of many cultures, Hillside's rhythmic feel of contours created within the landscape bring calm in a repetition of what is expected.

Hillside's colour line includes soothing neutral and midtones, while diving deeper with its rich gold, cool blue, and lavish green, all inspired by many of the marvellous sights across the country.
