Corduroy Fine

The delicate counterpart to the classic Corduroy design, offers a refined 20mm rib, compared to the broader 40mm rib of its partner. Use individually or combine these two designs to create a rich, layered effect, adding depth and sophistication to any space.

The finer ribbing of Corduroy Fine introduces a subtle yet impactful tactile quality, enhancing the warmth of Zintra's acoustic panels. Inspired by the timeless elegance of the Corduroy textile, this design infuses interiors with a sense of quiet luxury, making it the perfect choice for spaces that demand both acoustic performance and visual appeal.
