Corner Trim Installation Detail 2

CORNER TRIM

Acoustics » Hardware

Corner Trim provides a strong, neatly mitred solution that's more polished than basic joins, ensuring lasting stability and a professional, refined edge.

✓ Easy Install

Description	<p>Finish your 12mm panel installations with precision and style using our Corner Trim. Designed to create sharp, clean corners, this aluminium trim not only protects but enhances the overall look of your space.</p> <p>Made from premium aluminium, Corner Trim offers exceptional corrosion resistance and a perfectly straight profile, ensuring a polished finish that lasts. Whether you're aiming for a professional, seamless corner or simply adding a bit of extra protection, this trim delivers both strength and aesthetics.</p> <p>Installation is easy - just apply silicone and fit it into place for a secure hold. Choose from the sleek matte silver anodized finish for a modern touch, or go custom with one of 12 Zintra powder-coated colours to match your design. This trim brings lasting durability and visual appeal to any project.</p> <p>Standard Finish:</p> <p>Matte Silver Anodized Aluminium for a sleek, modern finish and durable performance.</p> <p>Custom:</p> <p>Mill Finish Aluminium (raw aluminium ready for powder coating) available in a choice of 12 Zintra Colours for a tailored look that suits your style.</p> <p>Suitable for up to 13mm panels.</p>
