Description

Zintra Etch, where acoustic absorption meets dynamic 3D design. With a range of subtle textures, Zintra Etch brings cutting-edge aesthetics and acoustic functionality to your commercial, hospitality, or institutional interior.

Discover the extensive selection of understated to statement Colours in Zintra Etch, allowing you to create a welcoming atmosphere while effectively managing sound. This cost-effective sound and design solution cultivates calming environments, promoting productivity and well-being.

Zintra Etch seamlessly integrates with plain Zintra panels, offering versatility in design coordination.

Experience the benefits of Zintra Etch, including pattern matching with seamless hidden joins (excluding VJ Angle and Kaleido). The panel size enables join-free installations from floor to ceiling, making the fitting process effortless.

Topo features a series of widening grooves that taper into finer lines, with a fluid layout creating purposeful negative space between each row. This design offers a dynamic, layered effect that shifts with light, adding depth and texture. When rotated 180 degrees, Topo transforms, offering a fresh perspective and altering the play of light and shadow.

Zintra Etch is available in 24 great designs
